PINLICO PREPARING FOR SPRING MEETING WILL COMPE

Officials Announce That No City College Enters Federal Races Will Be for Less Than \$500.

DATE QUESTION TO BE DECIDED

Opening Will Be Made Earlier If Baltimoreans So Desire.

BALTIMORE, Jan. 25.-Historic Pimlico is preparing for a big spring meeting. In order to induce owners of the best racers to enter freely in the stake features and overnight races the officials today announced that no race on the flat will have less than \$500 added to the sweepstake and that all steeple-

chases will be worth \$600 or more.

And this is not all. The Preakness

The desire on the part of some of the stockholders in the Aqueduct track to force Pimilco into holding its meeting early in April has somewhat disturbed the directors of the Maryland Jockey Club. The Pimilco managers call attention to the fact that since the present regime has been in control of racing here at no time has there been a meeting earlier than April 18. That opening was in 1906. The reason it began at that date was due to a desire to make a sequence of meetings with the Bennings track, which had just closed its gates.

The Pimilco track officials would glad-ly open its meeting early in April if they thought such a move would meet with the approval of its patrons. They are not unmindful of the fact that with no racing around New York many racegoers from Gotham would attend the

A lot of the other clubs are fast turning to its use. But why the management of the New York club ever turned too League addit is a mystery to me!

Determined to make desperate efforts to retain its championship honors wor last year, the Baltimore City College will enter every available member of its track and field squad in the scholastic events of the Federal indoo games the afternoon of the 19th of next month. The Oriole school boys will take good care not to allow any third and fourth place points to slip away, if possible, for they realize that the contest for the Franklin Trophy cup this year is very likely to be decided by a margin of one or two points.

Only two of the City College team which won the trophy last year, have been lost by graduation, and there neve has been such an abundance of ma terial to select from as has reported this season. In the sprints the Orioles will depend on Patterson, Whalen, El And this is not all. The Preakness Stake, which was the big feature of the spring meeting here last year, will be on the list of events. It will have \$2,000 added to it. Like last year, it will be for three-year-olds. The only difference in the conditions is that this season it will be a handicap. The distance of the race will be one mile. In 1909 the Jockey Club of New York added a piece of plate worth \$500. Whether a similar donation will be made this year has not been announced. liott, and Bean, with Pippen, Hart, LeCato, Connolly, Moissan, Montell.

Increase the Stakes.

In order to make the meeting worth while for the horsemen wintering on Long Island to prepare their thoroughbreds for an early campaign, the officials have decided, in addition to the other liberal offerings, to make all overnight handicaps have added values, aside from the subscriptions, of \$700 to \$1,090. With one or more of such races on the card and a liberal policy regarding the other five purses the management feels that owners of good horses will have no reason to do other than patronize Pimilco.

The desire on the part of some of the stockholders in the Aqueduct track to force Pimilco into holding its meeting carly in April has somewhat disturbed the directors of the Maryland Jockey Club. The Pimilco managers call attention to the fact that since the present regime has been in control of racing here at no time has there been a meet.

RIDING OUT A DEBT.

Frank Bertram, a well-known actor, tells the following story: "I was playing at Leicester during the fair week and in the market place there were several merry-go-rounds. I noticed one melancholy individual, who, despite the fact that he was apparently suffering greatly, persisted in riding on one of the merry-go-rounds. Eventually I spoke to him and asked him if he liked it. The man replied. "No, I don't like it a bit; the blessed thing makes me ill." I then asked him why he persisted in riding, and his reply was, I can't help it. The man who owns this roundabout owes me money, and the only way I can get even is by taking it out in rides."—London Daily Telegraph.
